

Cool

this shit is gonna
use so much toner
but i'm going to
pay the same price
regardless

is cheating staples out of some
extra toner an aesthetic?

it's as close to an aesthetic
as i have so it'll have to do
regardless

well i guess using courier is kind of
an aesthetic

That's me. Well, sort of.
I'm not an expert on
identity but lemme tell
ya:

IT'S COMPLICATED

In a way, this is also me.
But this is a portrait
from an unfinished RPG
made by one person.

*What in god's name does
that mean?*

← an octopus

LET'S TAKE
ANOTHER
MOMENT TO
MOURN THE
STAPLES
COPIER THAT
IS PRINTING
UPWARDS OF 30
COPIES OF
THIS TONER
EATING
MADNESS

i guess what i mean
is that my identity
is weird and stupid

i am also:

- the surprise when
turning a page
- the calmness of the
moon
- the chaos of a
windstorm
- kind of a pain
in the ass

this is me
giving myself
permission
to be
a weirdo

Don't take away my good
time drinking problem.
Don't mind my demons when
they speak to you.

Hip hip hooray, free samples are
